

RAYZON
S O L A R

RAYZON SOLAR – UNIT 01 (3.0GW)

WHO WE ARE

EMPOWERING A SUSTAINABLE
TOMORROW SINCE 2017

Rayzon Solar Limited was established with a bold vision: to redefine how the world generates and consumes energy. From humble beginnings, we've grown into one of India's fastest growing solar manufacturers delivering high-efficiency solar solutions with a global footprint and unwavering commitment to quality.

RAYZON SOLAR - UNIT 02 (PHASE 1 - 5.0 GW)

MISSION : EMPOWERING A GREENER FUTURE

To transform energy landscapes by delivering cutting-edge solar technology that empowers communities, industries, and nations. We are committed to empowering communities with reliable energy access, supporting industries with scalable clean power solutions, and enabling nations to achieve their renewable energy goals. Through continuous innovation, quality excellence, and a deep sense of responsibility, we aim to make solar energy more accessible, affordable, and impactful. Our mission goes beyond energy generation—it is about creating long-term value, reducing carbon footprints, and shaping a cleaner, brighter, and more resilient future for generations to come.

RAYZON INDUSTRIES (19800 MT / YEAR)

ALUMINIUM EXTRUSION

A strategic move aimed at deepening vertical integration this approach allows us to take greater control over every stage of the value chain, from sourcing raw materials to final system deployment. By internalizing key processes, we ensure superior product quality, faster project execution, and significantly reduced reliance on third-party suppliers. This not only enhances operational efficiency but also strengthens our ability to deliver consistent value to clients while driving long-term, sustainable growth in an increasingly competitive solar market.

RAYZON SOLAR - UNIT 01 (3.0GW)

SOLAR CELL MANUFACTURING MANUFACTURE EXPANSION UNDER PROGRESSING

We are taking a significant step toward boosting India's self-reliance in solar cell production, while simultaneously enabling the integration of advanced technologies such as N-Type TOPCon. By investing in domestic manufacturing capabilities, we not only reduce dependence on imports but also lay the foundation for cutting-edge innovation in solar efficiency and durability. This strategic advancement strengthens our control over key performance parameters, ensures greater resilience across the supply chain, and elevates overall product excellence. It's a move that aligns with national goals of energy independence while positioning us at the forefront of next-generation solar technology.

LEADERSHIP

MR. HARDIK KOTHIYA
CHAIRMAN

MR. CHIRAG NAKRANI
MANAGING DIRECTOR

Mr. Hardik Kothiya, Chairman & SSASIT Surat graduate, leads, manufacturing, procurement, and strategy with 8+ years of solar expertise and a focus on innovation.

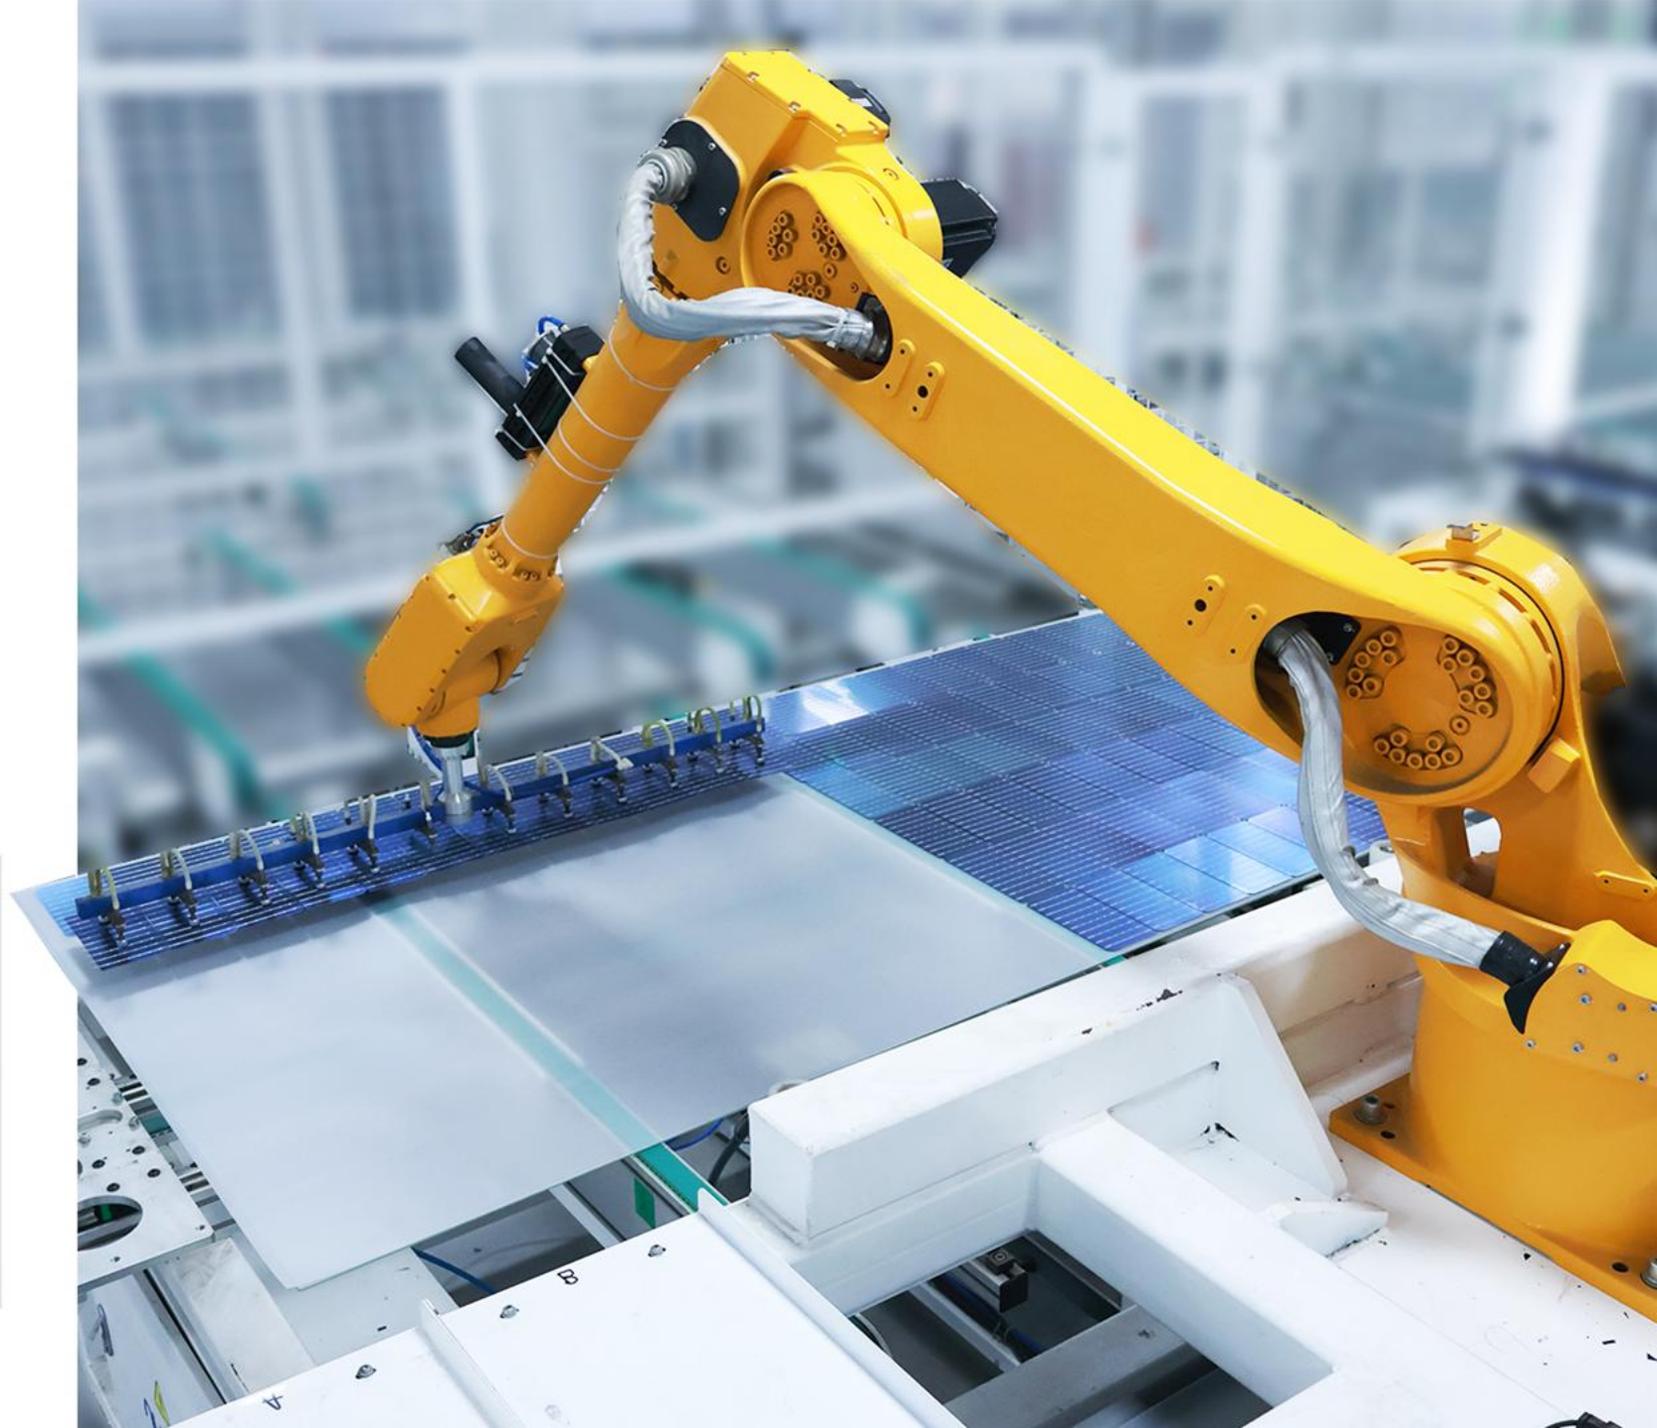

Mr. Chirag Nakrani, MD and, drives sales and global growth with a passion for building lasting client relationships since last 8+ years.

POWERFUL PRODUCTION

**WORLD-CLASS INFRASTRUCTURE.
UNMATCHED QUALITY.**

Rayzon Solar operates a state of the art 6 GW solar module facility in Gujarat, with an upcoming 3.5 GW solar cell line for full vertical integration. Our in-house aluminium frame unit adds strength, precision, and faster delivery to every module.

INNOVATION & R&D

INNOVATING TODAY FOR TOMORROW'S ENERGY

Our R&D division drives our innovation. With a focus on advanced cell technologies, durability, and smart module solutions, we stay ahead in the solar evolution delivering next generation performance to our clients. Every breakthrough we achieve brings us closer to a more efficient and sustainable future.

QUALITY ASSURANCE

EXCELLENCE AT EVERY STEP

Quality is our core commitment. Every module undergoes in house tests and is manufactured in ISO-certified facilities to ensure reliability, durability & performance. With global certifications like BIS, CE, and UL, our products meet the highest international standards. Automated production lines and inspections help us achieve a zero-defect goal, while our 30-year performance warranty reflects our long-term promise to customers.

SUSTAINABILITY & IMPACT

DRIVING CHANGE
BEYOND ENERGY

Driving Change Beyond Energy

We believe sustainability is more than a goal it's a responsibility. From powering rural schools to reducing CO₂ emissions, our social and environmental initiatives underscore our commitment to inclusive progress and a cleaner planet.

GLOBAL PRESENCE

POWERING PROGRESS ACROSS CONTINENTS

Rayzon Solar has a growing presence in 17+ countries, trusted for its innovation, quality, and commitment. From Europe to Africa to Asia, we continue to expand our reach, adapting to diverse markets while delivering consistent performance.

STRATEGIC ALLIANCES

PARTNERSHIPS THAT
AMPLIFY PURPOSE

We don't just manufacture solar panels we shape awareness and drive meaningful conversations around sustainability. Through powerful brand partnerships with leading sports teams, we amplify the message of clean energy and environmental responsibility on a massive stage. These collaborations go beyond visibility they unite diverse communities through shared values of performance, innovation, and lasting impact. Just as sports inspire excellence and teamwork, our commitment to renewable energy empowers a brighter, more sustainable future for all.

**SHARK
TANK
INDIA** SEASON 4

Our Managing Director proudly represented Rayzon Solar as a shark on Shark Tank India Season 4, reinforcing our leadership in innovation, entrepreneurship, and the renewable energy revolution. His presence on one of India's most influential entrepreneurial platforms reflects not only his business acumen but also Rayzon Solar's rise as a symbol of sustainable success. By mentoring and investing in emerging startups, he is championing the spirit of innovation while showcasing the potential of clean energy to transform industries. This proud moment marks a new chapter in our journey where we don't just build solar solutions, we help power the ideas shaping India's future.

**Elle sustainability Award
2025**

**Green Gujarat Award
2025**

Recognised by Kanubhai Desai (Energy Minister) &
R.B. Barad (Chairman - GPCB)

AWARDS & RECOGNITIONS

State Market Leader Award (Modules) Gold
Gujarat 2023

State Business Excellence Award
Rajasthan, 2023

State Emerging Player - Modules
Karnataka, 2023

State Technology Leadership Award (Modules)
Up 2023

Rising Star of the Year,
TN, 2023

Green Gujarat Award
Gujarat, 2024

INDIA's Best Emerging Solar Manufacturing
Enterprise, AP 2024

Elle sustainability award
India 2025

CII Performance Excellence Award
Delhi 2025

Many more...

CERTIFICATIONS & STANDARDS

Quality Management System : ISO 9001:2015
Environment Management System : ISO 14001: 2015
Occupational Health and Safety : ISO 45001:2018

KEY INDUSTRY ALLIANCES

At Rayzon Solar, key industry alliances are integral to our continued growth and global impact. Built on a foundation of trust, transparency, and shared purpose, these strategic collaborations enable us to deliver cutting-edge solar solutions with exceptional quality and reliability. Our partners play a pivotal role across every facet of our operations from technology integration and supply chain excellence to project execution and market expansion. Together, we are driving the transition toward a sustainable, net-zero future. We deeply value these alliances, which not only strengthen our capabilities but also contribute to lasting progress in the renewable energy ecosystem.

- India's Fastest-Growing Solar Panel Manufacturer
- Founded in 2017, Delivering clean energy solutions with world-class manufacturing and engineering excellence.
- 2024 - 25 Sales : \$ 28 Billion

Global Sports Partnerships

Chennai Super Kings | Gujarat Titans – use logo

Promoting sustainability through sports for a greener tomorrow.

Powering the world with innovation, sustainability, and trust. Driven by our values, we are committed to transforming how the world generates and consumes energy.

RAYZON SOLAR

8.0 GW

Production Capacity

Delivering scalable, high-performance modules for every segment.

3.0 GW

Solar Cell Facility (Upcoming)

Advancing vertical integration and self-reliance in solar technology.

2000+

Employees

Skilled teams dedicated to transforming the energy landscape.

2 Million +

Satisfied Customers

Trusted across residential, commercial, and utility-scale installations.

Shark Tank India

(Season 4)

Our MD's presence as a Shark highlights Rayzon's leadership in innovation & entrepreneurship.

17+

Countries

Expanding footprints across Asia, Africa, Europe & the Americas.

10+

Certifications & Approvals

KIWA, BIS, CE, UL, IEC, ISO, and ALMM certified for unmatched quality and reliability.
